Bargaining News Flash:

We have dates to meet with the College.
Bargaining will commence April 20th

Your bargaining committee has been working hard to prepare for meeting with the College to negotiate our package of demands.

The package of demands was ratified by the members at the January general meeting. Since then we have been meeting weekly to prepare for bargaining. We now have dates finalized to meet with the College starting April 20th. We are ready. Our tabling document, based on the information from our research, meetings and member input, is also ready. We will do our best to represent your issues to the College and it is our intention to make some much needed improvements in our working conditions and our students' learning conditions in this round.

What's happening at other colleges in FPSE?

Our local, and Langara, Douglas, Emily Carr, Fraser Valley and Vancouver Island University will be bargaining independently in this round. Other locals of the Federation of Post Secondary Educators (FPSE) who are the common table are going to canvass their local issues first, and many of them, like us, will commence meeting their employer in the next month.

Watch for more updates as bargaining progresses. We will keep you informed. Any questions or comments, please contact a member of the committee.
